

PMK-01

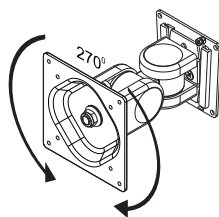

Left, Right, Up and Down: the AG Neovo PMK-01 provides up to 270 degrees of rotation for the perfect viewing angle no matter what the environment.

The PMK-01 is perfect for museums, information kiosks or other public and multi-user environments. Made from durable steel and die-cast aluminum, the PMK-01 complies with VESA standards and supports displays up to 14.0 kg. Three pivots allow for a broad 270° rotation of the display, 180° up and down tilt, as well as 180° left to right swivel. The convenient slide in-and-out wall mount bracket allows for easy removal of the display.

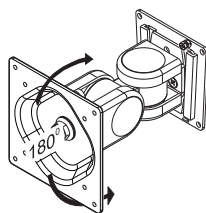

- > Easy-to-use design
- > Slide in-and-out wall mount bracket
- > Multi-directional pivots
- > 180° swivel left and right
- > 180° pivot up and down
- > 270° display rotation
- > Compatible with VESA standard
- > Weight capacity: 14.0 kg (30.9 lb)

Swivel left to right up to 180°

Rotate the display over 270°

Pivot up and down over 180°
